| Percussion - Pham, Phillip - DNA - | \$5.00 |
| Percussion - zzzNo, Name - | \$5.00 |

Key = Instrument/Voice - Last Name, First Name - Location - AM/PM

To: Students auditioning for All-District Band and their Parents
From: Paul Schmidt, All-District Band Coordinator

Wednesday, October 27th you will be competing for recognition as an honorary member of the All-District Band. Each student has been preparing the music and scales for this tryout for over 2 months! The intent of this letter is to help you understand the process of auditioning and the responsibilities and commitments related to your tryout. The major purpose of this audition is to give CFBISD students additional experience in trying out before their All-Region Auditions in November. We felt this letter would assist everyone in having a smooth and efficient audition. **We are also very aware that Wednesday is a school night and want to greatly reduce the amount of time any single student spends in the audition process.**

Audition Day:

Wednesday, students will receive their name badge with their competition ID when they arrive and check in. Be sure to have this attached on your upper left **at all times**. This tag will also have a start time, students will have been given that information at school in the week prior to the contest. This is the time the student should be prepared to enter the audition room, so plan to arrive 15 to 30 minutes ahead of time to be fully warmed up. The auditions are at Perry Middle School, 1709 Beltline. Please note the attached map and the appropriate entry doors. ***Warm-up will be allowed only in the designated area; absolutely no playing or loud talking will be tolerated in the hallways. Students should be in hallways when moving to and from their competition room. At all other times students should be in the warm-up area or the cafeteria.***

Audition Procedure:

Students will enter their competition room individually. A monitor will be outside each room keeping students in order and making sure each student knows what to play. **Be sure you understand exactly what to play before you enter the room.** The student then will play 2 major scales and chromatic from memory, after playing scales the student will play an excerpt from the **first half** of their lyric etude; then an excerpt from the **first half** of the technical etude. Students are then allowed 30 seconds to study the sight-reading which will be 8 measures long, in the key of Bb, Eb or F Major. (Your director will have more details about what the sight-reading music will and will not contain). Students must know the sequence of performance, when auditioning the student should play each exercise without waiting to be told, this will save lots of time if everyone is prepared. The judge's will time the sight-reading and prompt that portion of the audition.

Percussion auditions will be in the following sequence:

Major Scales, Mallet Etude, Timpani, Snare rudiments, Snare etude and sight-reading

Following the audition the student should pack his/her instrument and is free to go home. Results will be updated through-out the evening on our website but will not be available at Perry.

<http://cfbstaff.cfbisd.edu/schmidtp/districtbandresults.htm>

All results will be available from each school's director on Thursday, October 28th.

If you have any questions please call your school's director for clarification. You should be proud of your child and their efforts in preparing for this major event.

Students qualifying for the All-District Band receive a medal and certificate recognizing their accomplishment.

Sincerely,

Paul Schmidt and Richard Sullivan
Audition Hosts
